

## **FIRE NUMBER SIGN MAINTENANCE**

Now that winter is over we ask all residents and property owners with a fire number sign to clear all brush and debris away from the sign to make it more visible from the road for all EMS to see. If your fire number sign needs replacing due to being non-reflective at night, faded or damaged contact the Town Clerk at 715-454-7171. A new sign will be ordered at your cost. Thank you.
