**Wake Boating Ordinance on Big Bass Lake:** Wake boats can create high standing waves designed to allow someone to surf, rope free, behind the boat. Large wakes erode shorelines, decrease fish habitation, cause fragmentation of invasive aquatic species, damage docks and moored boats, cause harm to native vegetation, and can be a hazard to fishermen, kayakers, swimmers, skiers and other boaters. These boats also tend to stir-up bottom sediment when running through shallower water causing water quality to diminish. Discussion on sharing the costs for signage and attorney fees will be discussed at a later date. The Town Board will give it some thought.
